April 20-22, 2010
Utrecht, The Netherlands

Big Dutchman 12C.050
[Free tickets at bigdutchman.de]

When it comes to aviaries we have what it takes. Come to Utrecht: we will prove it to you when it comes to modern free-range and barn egg systems including practice-oriented lighting and climate concepts. Test our future-oriented technologies such as the thermochemical conversion (gasification) of manure to electricity and heat, the new exhaust air washer MagixX poultry, the automatic vacuum cleaner for the dust filter StuffNix, amacs with i-phone connection or the automatic height adjustment for feed and drinking lines, ELS4. **Welcome: see you at the VIV!**
