# Top quality. And only from Big Dutchman.

**Automatic feeders - optimum feed supply at  
every stage of production.**

**Big Dutchman** offers its customers a wide range of automatic feeders for different areas of application:

- for piglet rearing
- for pig finishing
- for large groups, allowing simultaneous feeding
- for single animals, allowing individual feeding

All automatic feeders can be used for pellets, granules or meal and can be supplied to accommodate any type of automatic or manual dry feeding system. The feeders can be mounted onto a partition or they can be self-supporting within the pen.
