Big Dutchman®

Perchy

The welfare-friendly perch for broiler growing

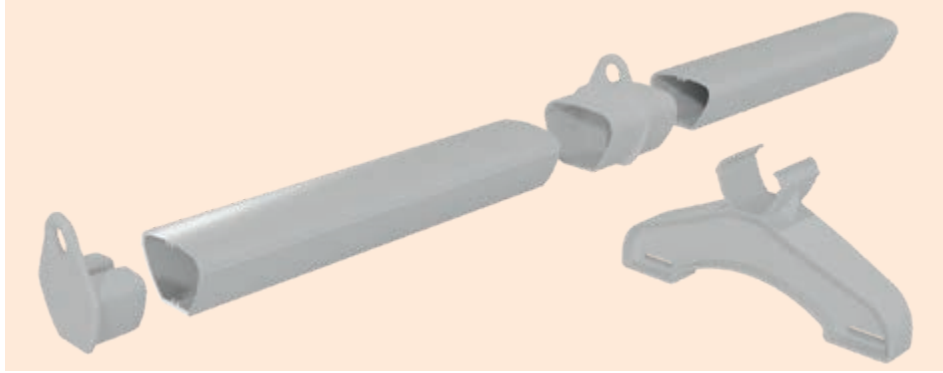

Perchy

Meeting the highest animal welfare requirements

Its rounded shape makes Perchy, Big Dutchman's new perch for broiler growing, highly comfortable for perching and less prone to dirt build-up. Due to its ergonomic design and ideal height, Perchy is suitable for broilers

of all ages. Developed specifically for broilers, its shape allows for steady perching and thus causes less stress, which adds to the birds' well-being. Perchy has a jump height of 100 mm and a standard length of 6000 mm. A rope

may be attached to the eyes, located on the end caps and the couplers, to lift the entire system. This reduces the workload, especially during house cleaning.

The pluggable modular system makes it easy to assemble Perchy and to adjust its length

Special profile design

Optional reinforcement

Rounded edges

ADVANTAGES

- ✓ pluggable modular system for quick and easy assembly;
- ✓ high level of perching comfort due to Perchy's rounded shape, distributing the weight evenly upon the foot pads;
- ✓ ideal for birds of all ages because of a tread width of 42 mm and a circumference of 118 mm;
- ✓ physiological rest position due to Perchy's optimal support of the feet;
- ✓ manufactured from break-proof, high-quality, UV-stabilised plastic;
- ✓ hygienic and easy to clean;
- ✓ excellent value for money.
