MultiPan 395

The versatile feed pan for the successful rearing of ducks and turkeys and for duck finishing

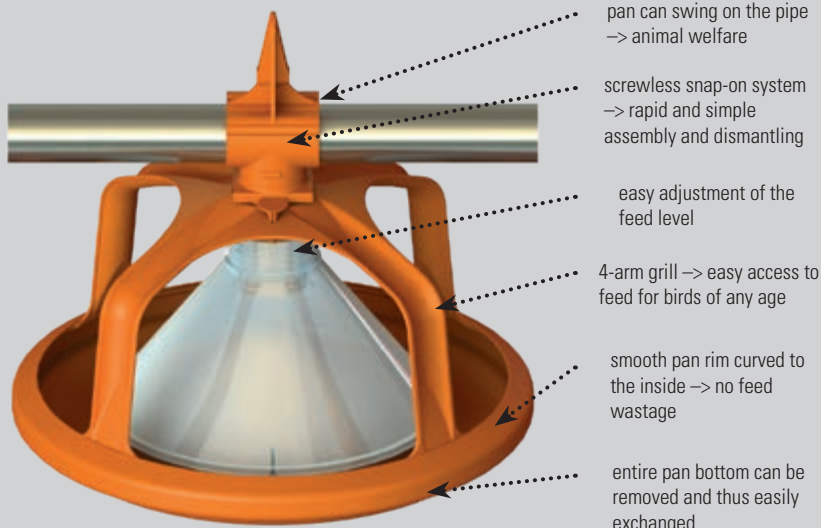

MultiPan 395 – modular design for easy switching

MultiPan 395 is a feed pan offered by Big Dutchman for the rearing of ducks and turkeys and for duck finishing. The following characteristics are important in a pan:

- ✓ easy access to feed at any age;
 - ✓ little feed wastage;
 - ✓ simple and thorough cleaning.
- The correct combination of MultiPan 395

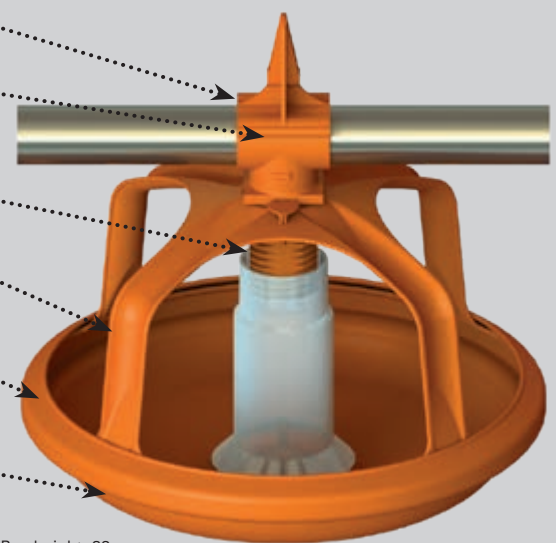

components meets these requirements in an ideal manner. Let our experts advise you on how to find the best solution for your individual needs.

MultiPan 395 for duck and turkey rearing

Pan height: 50 mm

MultiPan 395 for duck finishing

Pan height: 93 mm

For higher hygiene requirements, especially in the rearing phase, we offer MultiPan 395 with a hygiene cone. This cone stops the poults and ducklings from entering the pan, thus further reducing feed wastage and keeping the feed clean. MultiPan 395 can also be supplied with a sliding shut-off that can be retrofitted.

As an option, we offer a 4-arm wire grill that can be used instead of the plastic grill.

Main advantages

- ✓ large number of feeding places thanks to a diameter of 395 mm;
- ✓ easy monitoring of the feed flow through the transparent cone;
- ✓ continuous adjustment of the feed level;
- ✓ easy switching of individual components due to the modular design;
- ✓ the special pan design prevents feed clumps so the feed is always fresh;
- ✓ the pan is made of a high-quality and UV-resistant plastic material to ensure a long service life;
- ✓ the pan can be cleaned thoroughly with a high-pressure cleaner.
